
FICEMS STRATEGIC PLANNING 2020

FICEMS MEETING

DECEMBER 3, 2020

- Project Overview
- Project Status
- Updated Mission, Vision, and Goals
- Next Steps

PROJECT OVERVIEW

- Develop new Strategic Plan for 2021–2025
- Build upon work completed in 2019 *Strategic Plan White Paper*
- Update plan for current EMS and 911 operating environment
- Include perspectives from 2020 National Pre-Hospital and Hospital Data Integration Summit
- Include forward-looking concepts from *EMS Agenda 2050*

PROJECT STATUS

- Conducted 9 TWG Strategic Planning Sessions
 - Visioning: identify FICEMS stakeholders and develop value proposition/logic model
 - Organizational Processes: examine and update operating structure/procedures
 - Strategic Planning: define goals and objectives and develop draft plan
 - Draft Plan Review: update and present draft
- Developed first draft
- Currently refining and updating draft content

FICEMS STATUTORY PURPOSES

- A. To **ensure coordination among the Federal agencies** involved with State, local, tribal, or regional emergency medical services and 911 systems.
- B. To **identify** State, local, tribal, or regional emergency medical services and 911 **needs**.
- C. To **recommend new or expanded programs**, including grant programs, for improving State, local, tribal, or regional emergency medical services and implementing improved emergency medical services communications technologies, including wireless 911.
- D. To **identify ways to streamline** the process through which Federal agencies **support** State, local, tribal or regional emergency medical services.
- E. To **assist** State, local, tribal or regional emergency medical services **in setting priorities** based on identified needs.
- F. To **advise, consult, and make recommendations on** matters relating to the **implementation** of the coordinated State emergency medical services programs.

UPDATED FICEMS MISSION AND VISION

Updated Strategic Plan Mission Statement:

Ensure coordination and consistency among Federal agencies supporting Federal, state, local, tribal, and territorial emergency medical services and 911 systems to improve the delivery of services throughout the Nation

Updated Strategic Plan Vision Statement:

A Federal interagency committee that enhances coordination and strategically aligns EMS and 911 systems priorities among Federal agencies to ensure safe and effective delivery of healthcare in the prehospital environment

UPDATED STRATEGIC GOALS (1 OF 2)

Goal 1	Coordinated and integrated Federal, state, local, tribal, and territorial EMS and 911 systems that provide safe and efficient high-quality patient care (A, B; 2, 4, 5)
--------	---

Goal 2	Data-driven, evidence-based, and standardized EMS and 911 systems that help to improve the quality of out-of-hospital patient care (C, F; 1, 2, 3, 6)
--------	---

Goal 3	EMS and 911 systems effectively integrated into Federal, state, local, tribal, and territorial preparedness planning, response, and recovery (A, E; 2, 3, 4)
--------	--

FICEMS Statutory Purposes

- A. Ensure coordination among Federal agencies involved with EMS and 911 systems
- B. Identify EMS and 911 systems needs
- C. Recommend new or expanded programs
- D. Identify ways to streamline Federal support
- E. Assist EMS and 911 systems in setting priorities
- F. Advise, consult, and make recommendations on implementation of coordinated EMS and 911 systems

EMS Agenda 2050 Guiding Principles

- 1. Inherently Safe and Effective
- 2. Integrated and Seamless
- 3. Reliable and Prepared
- 4. Socially Equitable
- 5. Sustainable and Efficient
- 6. Adaptable and Innovative

UPDATED STRATEGIC GOALS (2 OF 2)

Goal 4	EMS and 911 systems that are people-centered, sustainable, forward-looking, and integrated with the overall health care system (C, D; 2, 4, 5, 6)
Goal 5	An EMS and 911 culture in which safety considerations for patients, providers, and the community permeate the full spectrum of activities (E, F; 1, 3, 4)
Goal 6	Uniform, credentialed EMS and 911 workforce with the education, skills, and competency to keep pace with evolving health care needs (C, F; 4, 6)

FICEMS Statutory Purposes

- A. Ensure coordination among Federal agencies involved with EMS and 911 systems
- B. Identify EMS and 911 systems needs
- C. Recommend new or expanded programs
- D. Identify ways to streamline Federal support
- E. Assist EMS and 911 systems in setting priorities
- F. Advise, consult, and make recommendations on implementation of coordinated EMS and 911 systems

EMS Agenda 2050 Guiding Principles

- 1. Inherently Safe and Effective
- 2. Integrated and Seamless
- 3. Reliable and Prepared
- 4. Socially Equitable
- 5. Sustainable and Efficient
- 6. Adaptable and Innovative

NEXT STEPS

- Collect feedback on draft document
- Update and refine draft content
- Develop final document for publishing on EMS.gov

Questions?

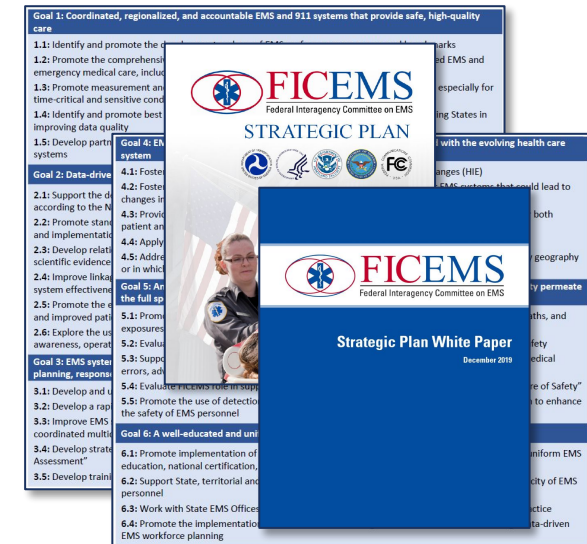

BACKUP SLIDES

FICEMS 2013 STRATEGIC GOALS & ACHIEVEMENTS*

1. Coordinated, regionalized, and accountable EMS and 9-1-1 systems that provide safe, high-quality care
 - Facilitated discussions and collaborated with stakeholders
 - Identified and promoted best practices and lessons learned
 - Developed performance measures
 - Developed common nomenclature
2. Data-driven and evidence-based EMS systems that promote improved patient care quality
 - Developed and promoted the National EMS Information System (NEMSIS)
 - Developed evidence-based guidelines (EBGs) on prehospital treatment of suspected opioid overdose, external hemorrhage control, and EMS fatigue risk management
3. EMS systems fully integrated into State, territorial, local, tribal, regional, and federal preparedness planning, response, and recovery
 - Identified and addressed gaps in coordinated patient care for disasters
 - Developed guidelines for mass casualty triage and patient tracking data

*Extracted from 2019 Strategic Plan White Paper

FICEMS 2013 STRATEGIC GOALS & ACHIEVEMENTS*

4. EMS systems that are sustainable, forward looking, and integrated with the evolving health care system
 - Facilitated discussions about federal programs and initiatives to improve EMS and 911 systems (e.g., Emergency Triage, Treat, and Transport [ET3] Model)
 - Identified best practices across federal agencies
 - Led the development of *EMS Agenda 2050*
5. An EMS culture in which safety considerations for patients, providers, and the community permeate the full spectrum of activities
 - Facilitated discussions to address new and emerging risks that affect the safety of first responders
 - Developed guidance to aid in EMS preparedness (e.g., through fatigue management and vaccines) and to enhance practices to respond to increasingly dynamic situations (e.g., active shooter incidents and pandemics)
 - Developed guidance on new and emerging medical issues relevant to EMS operations (e.g., patient mental health, the opioid epidemic, Ebola resurgence)
6. A well-educated and uniformly credentialed EMS workforce
 - Facilitated discussions about federal programs and initiatives to encourage more uniform EMS education, national certification, and state licensing
 - Contributed to the development of the 2019 National Scope of Practice Model and the National EMS Education Standards

*Extracted from 2019 Strategic Plan White Paper
